REPLY PURSUANT TO 37 CFR § 1.116

Hon. Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Final Office Action mailed on September 12, 2002, kindly amend the claims of the above-identified application as follows.

IN THE CLAIMS

Claims 29 and 35-38 are amended as shown below:

C1

29. (Amended) An isolated unconjugated monoclonal antibody that specifically binds phosphatidyl serine and that induces complement dependent cell-mediated cytotoxicity against a human tumor cell that expresses phosphatidyl serine;

wherein the light chain V region of said antibody is also present in the light chain of an antibody that recognizes e-aminocaproic acid, and

wherein the heavy chain V region of said antibody is also present in the heavy chain of an antibody that recognizes p-azaphenylarsanate.

35. (Amended) The pharmaceutical composition of claim 34 wherein the monoclonal antibody is a primate antibody.
